

Material Mastery – From Farm to Floor

Passion for innovative natural fibre products handed down 4 generations. Jute, banana, sea grass and more on soil. Cotton for softness, wool for volume, and linen for finesse.

Custom Sizes

Place of Origin Advantage – Within 50km of our office

Sourcing spans a 150km farm supply chain that breathes local air, tastes tannin-fed looms and regulates price shocks better than any consortium. Integrated global partnerships with rotating cross-trained units.

SISAL RUGS

Natural Agave Fibre Excellence

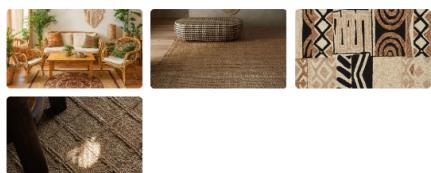

- Rich golden hue from sustainable agave plants
- Highly durable for high-traffic commercial areas
- Dyed, spun and woven with traditional techniques
- Part of our sea grass collection launched in Scandinavia

JUTE RUGS

Field-Fed Banarasi Heritage

- 100% eco-friendly & biodegradable Banarasi jute
- Transformed from field-fed fibres by sunrise & kerosene lamp
- Lustrous yarn and braid with traditional craftsmanship
- Handwoven for durability & moon-washed textures

JACQUARD RUGS

CAD-Designed Excellence

- Digitally controlled looms with CAD patterns
- Blend of premium wool, sisal and field-fed jute
- Soft, durable, and refined for luxury interiors
- Co-created with in-house CAD studio capabilities

WOOL RUGS

Volume & Luxury Combined

- Premium wool for volume and comfort
- Soft, insulating, and naturally flame-retardant
- Available in diverse textures and pile heights
- Blended with natural fibres for enhanced durability

INDOOR/OUTDOOR COLLECTION

100% Recycled PET Innovation

- Constructed from 100% recycled PET yarns
- Stain-resistant and weather-ready for any environment
- Part of our circular runs program for sustainability
- Electric trucking delivery via MetZip Logistics

DOOR MATS

Tufted & Woven Coir Mastery

- Woven & tufted coir with natural rubber backing
- Vinyl-backed variants for high-traffic commercial use
- Effective dirt trapping with artisanal style
- Biomass steam-powered production process
